NAUTILUS  
SAILING

Welcome to the exploration route on our brand-new Excess 14 catamaran! This leg, as with each of the legs on this exploration journey, **YOU THE CREW** work with your instructor to design the day-to-day route, schedule, and places you'll stop and see along the way! In the weeks and months prior to boarding, you'll work with your other crewmates to research the places YOU want to visit between the initial and final ports of call.

The [ASA 105 Coastal Navigation](#) and [ASA 106 Advanced Coastal Cruising](#) upgrades are included in this leg of the journey. Similar to your original ASA courses, these will require some preparation before the trip begins. Both of these are wonderful additions to your sailing repertoire and will prove incredibly useful as you continue your sailing career.
