Welcome to the **FIRST** adventure sailing of its kind! We are sailing a 50' Voyage catamaran through uncharted waters on Lake Clark in Lake Clark National Park and Preserve in Alaska. This is your chance to be part of the **FIRST EVER** one-week sailing charter on the lake! No roads go to Lake Clark - access is by float / bush plane only! Not to mention that the flight path takes you past numerous glaciers on your way in and out. Yes, this one is a bit pricey - This is the only sailing vessel on the lake, we're taking a private bush plane on a glacier tour to and from Port Alsworth, and it's the first adventure of its kind. There's even an opportunity to take a helicopter tour to land on a glacier! We'll be able to fully immerse in the native culture as we'll have an evening of shared dinner with a local family who still maintains the native language.
