Welcome to the La Paz Flotilla! This will be the 3rd annual flotilla here, and it always proves to be an alumni favorite! Incredible sailing, great anchorages, stunning snorkeling, and rugged land to explore continue to draw us all back. This is one of our favorite times of year in the area, as the air temps are in the 70s and 80s and the water temps are also in the low 80s. However, the highlight of the winter is the fishing! With the warmer air temps, the pelagic fish are in the area. So plan on fishing as we catch lots of Mahi Mahi, the occasional 35-60 pound wahoo, and yellowfin tuna. Nothing quite like throwing fresh filets on the grill after a fun day of sailing :) And, of course, the week wouldn't be complete without a visit to Maggi and Lupe's in San Evaristo for an evening of the freshest beachside dining!
